

# Making the link

Are you ready for the 24 Challenge?

Team Development Solutions

Team Building

Making the Link Ltd

## The 24 Mission

Start making the link here with this high impact day designed to get the most from your team.

1. **Become** CTU Tactical Agents and do all you can to detect and neutralize any terrorist threat to the UK.

2. **Challenge** your team to perform, the remote detonation code must be found

3. **Enjoy** a fast paced and interactive experience like no other.

4. **Teamwork** and collaboration are essential as teams uncover the facts.

### About our approach

- The 24 Mission is designed to create organized chaos and challenge teams to perform
- Idea as part of a training project or as an away day
- An innovative way of developing and rewarding your team

## Why 24?

- Extreme conditions create extreme responses, MTL recreates this in a safe and fun environment.
- Team work and collaboration between teams is essential, 24 is a unique mission
- The 24 Mission provides the perfect conditions that test teamwork and the challenges are memorable!

To truly develop an effective performing team the MTL approach is one of action.

### What will we be doing?

- Meeting with an informer to get the code
- Launching a satellite for better coverage
- Taking out a sniper
- Retrieving the nuclear device detonator plan
- Heading up CTU and supporting the tactical teams
- Locating and defusing the stolen warhead

## The 24 Mission

The mission was originally designed to congratulate a sales team for selling 24 month mobile phone contracts, making the link between business objectives and the event

MTL were asked to design and deliver a stimulating, memorable and exciting event for a small team. The 24 Mission also incorporates the use of mobile and radio technology in the detection of a threat to the UK.

### Where can we do this?

The 24 Mission is a mobile event that requires:

- an outdoor open space
- Conference or meeting room with broadband access.

### What do we need to bring?

Mobile phones and a sense of humour.  
Depending on numbers there need to be 3 or 6 teams ready to tackle the challenge.

***Making the link between people and performance***

Duration: 3-5 hours  
Numbers: 18-100  
Location: Flexible
